EKELENZA
CONTRACTING & BUILDING

WWW.EKELENZA.CO

ABOUT US.

EK-elenza for contracting & building Co. is an interior/exterior design & Execution firm with expertise in residential & commercial like (hospitality, office, retail, healthcare, food & beverage and beauty projects). Based in Kuwait, EK-elenza was established in 2015, and implemented different projects inside Kuwait, combining extraordinary talented team that has been carefully chosen for their quality in carrying out the work of each of them in different specialties and experiences to create spaces, nationally and in the Middle East.

We take an integrated technique to our initiatives as a professional provider firm. This means that Ekelenza will be a one-stop-shop for the entire process of designing and building your project. From inception to inauguration, our architecture and interior design company will cater to all construction requirements and stand by till you are satisfied with our work. Our team of engineers (civil engineers – interior designer – mechanical engineers - architects) implement interior and exterior solutions of any complexity like (air conditioning - Fire - electrical - carpentry - sanitary works - ceramic & marble installation - gypsum works - painting works) and fill your space with unique furniture and conducting architectural supervision, across all in-house disciplines of architectural design: urban design, studies, planning and consulting.

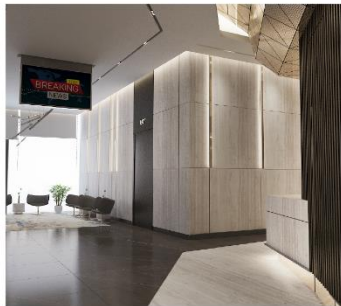

BRAND PHILOSOPHY

A qualified and creative approach to the design of home interiors and fit-out implies a harmonious combination of architecture and the interior image of the premises. Our team individually approaches each project to create a harmonious space inside your home and beyond.

The work of Ekelenza is completely compatible with stealing your hearts with its incredible sense of beauty and an interesting approach to filling the interior, furniture design and a subtle reception of detail.

If you are looking for ideas for a stylish and cosy interior, then we are the one you need!

OUR SERVICES

we always manage to make our interior design projects affordable to our clients while offering great flexibility in expanding or reducing the scope of the design process

STRATEGY

Our company was established with the vision of creating memories by evoking a sense of place on a journey through surprise, discovery and desire.

Each one of our projects is defined by its unique identity and it delivers a special experience through the seamless fusion of design and operation.

Ekelenza is a collection of dynamic, knowledgeable and creative designers and our commitment and involvement are consistently strong through every phase of the design and construction process.

Our goal is to meet the specific needs of each client with creative and appropriate design solutions and we believe that the integration of all the complementary design disciplines results in exceptional memories.

We strongly emphasize the creative process and project management.

Our work is powered by our commitment and dedication to our clients.

VISION

We aim to create beauty and sophistication wherever you are, from the idea of the real estate project to the stages of its implementation, in addition to interior design and decoration for us, not just a service we provide but a lifestyle.

MISSION

Ekelenza's mission is simple: develop interior and exterior design solutions that are distinctive, compelling and of superb quality and individuality

WHAT WE DO

1. Understanding your vision
2. Presenting visual concepts
3. Space fit-out design renders
4. Furniture selection
5. Full construction and setup
6. pre & post support

01

Understanding your vision

World-class residential & commercial design comes from understanding your unique requirements. Our dedicated team of experts start this planning process from day one.

02

Presenting visual concepts

Our interior designers help you choose a style that suits your home or company's personality while making sure all clients are fully onboard.

03

Space fit-out design renders

We help you visualize your future space, even recommend furniture which can be incorporated into the renders, giving you a clear picture of the completed space.

04

Furniture selection

With the help of our team, you can access the world's best furniture and art to match your vision, style and budget.

05

Full construction and setup

Our expert installation team take care of everything (HVAC - Firefighting - plumbing - electromechanical - carpentry -sanitary works - ceramic & marble installation - gypsum works -painting works), ensuring every aspect of the space fit-out meets our, and your very high standards

06

Pre & post support

Our work comes fully guaranteed, backed up with our exceptional support and service. Read our testimonials to see how clients have enjoyed working with us.

OUR PROJECTS

Combining a blend of global reach, local knowledge, innovation and technical excellence, Ekelenza continues to deliver successful projects across Kuwait & the Middle East. Our team has developed a deeply rooted presence in the region. Following our core values, we are committed to safety, integrity and excellence across all of our projects. Since 2010, we have been helping to shape the infrastructure and landscape of Kuwait. Initially, we provided program management and cost consultancy services to large infrastructure projects. We have since expanded our service offering and have gained a reputation as a leader in the industry.

OUR SISTER CONSTRUCTION COMPANY

LASER

FOR METAL FORMATING

In 2019, the laser company was founded and it is one of the leading companies in the field of laser metal cutting, forming, milling and turning in Egypt, which is characterized by the latest high-tech machines of the highest quality in the work of cutting, engraving, engraving, printing, turning, milling, welding, bending and shaping all metals.

Two factories with the most advanced equipment were established. For the sake of expanding and developing, we brought in lots of talents and let them take related training courses. Provided with scientific management and foreign trade skills we made our first big steps in exporting business. Through the cooperation with lots of reliable manufacturers, we have gradually enriched our product line.

VISION

We help customers develop their energy resources; bringing world-class capability and delivering it locally.
We promote commercial arrangements that are aligned with our customers' needs, allowing us to deliver more value to the customer while increasing the returns from our most precious asset our people.

MISSION

Provide technical solutions and create additional value in mutual interest with our customers.

OUR SERVICES

The company provides the services that its customers need because it meets and exceeds their expectations, and we always strive to achieve first-class quality standards and to meet customers' desires with a high level of accuracy and commitment to competitive prices to reach a high level of quality and work to increase it to maintain our position in the Egyptian market.

01.

Designing

We have a designer team to design and create modern and unique designs.

02.

Metal forming

We are distinguished by the latest high-tech machines in cutting, milling, engraving, welding, bending and shaping all metals.

03.

Metal welding

We have a huge team of welders; they provide the best results in the fastest time without compromising the quality.

04.

Present

Many different technologies can be used to protect surfaces.
